Development Education centre

Who we are

- ▶ Our **vision** is that young people in Scotland are able and motivated to challenge global inequality - creating a fairer future for all.
- ▶ Our **values** are based on a commitment to social justice and sustainable development and belief that people can bring about change.
- ▶ We **aspire** to work in an inclusive and participatory way and have a creative and responsive approach to learning.

What we do

- Provide professional learning opportunities
- Create and promote education resources
- Evidence the social and educational value of Global Citizenship education

SDGs and schools

We work with teachers so that young people

- ▶ Make the local and global connections through the goals
- ▶ Develop critical and creative thinking skills and reflect on their values and attitudes as responsible citizens
- ▶ Are motivated to take action for the goals

Professional learning
